

Portrait Commissions

A work of art is an heirloom to be passed down through the generations of your family and because each one is unique, pricing varies. These prices provide an approximate estimate of the cost. For each project, I provide a custom proposal before work commences, and client approval is required for the initial phase and the refinement phase so that there are no surprises. A deposit of 1/3 is required to begin work, 1/3 on approval of the refinement stage, and 1/3 upon delivery of the final work of art.

Please note, the prices include a photoshoot of the subject to be used as references, as I prefer to work from my own reference photographs. Please contact me directly denise@deniselaurinvisualart.com or at 917-509-5147 if you have something different in mind, or if you have any questions.

Allow two-three months for graphite, charcoal and pastel; six-nine months for oil. All work is completed using the finest Vasari handmade oil paints on Belgian linen panels. Examples of my work can be found on my website:

www.deniselaurinvisualart.com
